“I can do my banking right from my computer at any time of day.”

BECAUSE OF HIS successful dermatology practice in Manhattan Beach, many South Bay area residents know Dr. Lawrence Moy. But not everyone knows that he has also created his own line of cosmetics, which he sells in the United States and throughout the world.

As he prepares to expand his medical practice and continue his cosmetics business, Dr. Moy wanted to develop a banking relationship that would meet his unique needs. He liked the idea of dealing with a local bank, where credit decisions are made in the South Bay, and not in

South Dakota. That's why Dr. Moy became a client of **Beach Business Bank**

“Since we can bank by appointment at **Beach Business Bank**, my staff and I don't waste time waiting in long lines,” said Dr. Moy. “I also like the fact that I can do my banking right from my computer at any time of day. **Beach Business Bank** has the banking products I expect from a big bank and the service I expect from a local business bank.”

Dr. Moy was also pleased to learn that Phil Bond and Bob Franko of **Beach Business Bank** have credit and work experience in the international markets. In the future, when his cosmetics business requires export financing, foreign currency drafts or letters of credit, he knows that **Beach Business Bank** will be there, ready to help out.

“We plan to work with Bob and Phil to structure our building loan due to their extensive experience with SBA loans and medical office building loans,” said Dr. Moy. “With **Beach Business Bank**, I get the service I want for my medical practice, and valuable resources for my other business needs are just a phone call away. I encourage all physicians and businesses to work with **Beach Business Bank**.”
