BEACH BUSINESS BANK

“Beach Business Bank is looking out for my best interest.”

MICHELE MIRANDA
OWNER
MIRANDA AGENCY

IN 1999, after years of hard work and industry experience, Michele Miranda knew it was time to take her expertise to the next level and open her own agency. The Miranda Agency Inc. was born. The agency develops advance funeral planning departments for independently owned and operated funeral homes throughout California.

After nearly five years of letting a big bank handle her company's finances, Michele decided to try something different—**Beach Business Bank**.

“**Beach Business Bank** exceeded all my expectations,” says Michele. My experience with Jackie Nixon is what I would imagine a ‘good ol’ fashion’ type of bank would have been. Jackie has brought the Bank to our office in Naples. She has met with my CPA, my office administration. She brings all the paperwork ready for us to sign. Due to my hectic schedule, all our banking has taken place right in my office. Jackie set up our accounts so that certain staff members make the deposits, go online and conduct our banking business electronically.”

By the end of 2006, Miranda Agency will offer the leading database marketing system in the industry, and in 2007 they will reach their goal of \$15 million in pre-need funeral sales. “As my business continues to grow, I feel confident that **Beach Business Bank** is looking out for my best interest. In addition to our business banking, Jackie and her staff have earned the trust to handle our personal accounts. I experience my bank now. I know that I am cared for and looked after, which is a refreshing change from just being an account number at a bigger bank.”
